The confidentiality and privacy of your health information is also protected under both state and federal law. This Notice of Privacy Practices describes how this office may use and disclose your information and the rights that you have regarding your health information.

### **How We Will Use or Disclose Your Health Information**

#### **Treatment:**

We will use your health information for treatment. For example, information obtained by the orthodontist or other members of your healthcare team will be recorded in your record and used to determine the course of treatment that should work best for you. Members of your healthcare team will then record the actions they took and their observations, so the physician will know how you are responding to treatment. We will also provide your physician, or a subsequent healthcare provider, with copies of various reports that should assist him or her in treating you.

#### **Payment:**

We will use your health information for payment. For example, a bill may be sent to you or your health plan. The information on or accompanying the bill may include information that identifies you, as well as your diagnosis, procedures, and supplies used.

#### **Health Care Operations:**

We will use your health information for our regular health care operations. For example, we may use information in your health record to assess the care and outcome in your case and others like it. This information will then be used in a continued effort to improve the quality and effectiveness of the services we provide.

#### **Business Associates:**

We may enter into contracts with persons or entities known as business associates that provide services to or perform functions on our behalf. Examples include our accountants, consultants and attorneys. We may disclose your health information to our business associates so they can perform the job we have asked them to do, once they have agreed in writing to safeguard your information.

#### **Notification:**

We may use or disclose information to assist in notifying a family member, personal representative, or another person responsible for your care, of your location, and general condition. If we are unable to reach your family member or personal representative, then we may leave a message for them at the phone number that they have provided to us, e.g., on an answering machine.

#### **Communication with Family:**

We may disclose to a family member, other relative, close personal friend or any other person you identify, health information relevant to that person's involvement in your care or payment related to your care.

#### **Appointment Reminders / Health Benefits:**

We may contact you to provide appointment reminders or information about treatment alternatives or other health benefits that may be of interest to you.

**Food and Drug Administration (FDA):** We may disclose to the FDA health information relative to adverse events with respect to food, supplements, product and product defects, or post marketing surveillance information to enable product recalls, repairs or replacement.

**Workers' Compensation:**

We may disclose health information to the extent authorized by and to the extent necessary, to comply with laws relating to workers' compensation or other similar programs established by law.

**Public Health Activities:** As required by law, we may disclose your health information to public health, or legal authorities, charged with preventing or controlling disease, injury or disability.

**Health Oversight Activities:**

We may disclose your health information to health oversight agencies for purposes of legally authorized health oversight activities, such as audits and investigations necessary for oversight of the health care system and government benefit programs.

**Correctional Institution:**

Should you be an inmate of a correctional institution, we may disclose to the institution, or agents thereof, health information necessary for your health and the health and safety of other individuals.

**Judicial and Administrative Proceedings:**

We may disclose your health information in a judicial or administrative proceeding if the request for the information is through an order from a court or administrative tribunal. Such information may also be disclosed in response to a subpoena or other lawful process if certain assurances regarding notice to the individual or a protective order are provided.

**Law Enforcement Purposes / Serious Threat to Health or Safety:**

We may disclose your health information to enforcement officials for law enforcement purposes under certain circumstances and subject to certain conditions. We may also disclose your health information to prevent or lessen a serious and imminent threat to a person or the public (when the disclosure is made to someone we believe can prevent or lessen the threat) or to identify or apprehend an escapee or violent criminal.

**Victims of Abuse, Neglect and Domestic Violence:**

In certain circumstances, we may disclose your health information to appropriate government authorities if there are allegations of abuse, neglect or domestic violence.

**Essential Government Functions:**

We may disclose your health information for certain essential government functions (e.g., military activity and for national security purposes).

The following uses and disclosures will be made only with your authorization:

- (i) with limited exceptions, uses and disclosures of your health information for marketing purposes, including subsidized treatment communications;
- (ii) disclosures that constitute a sale of your health information; and
- (iii) other uses and disclosures not described in this notice

You may revoke your authorization at any time in writing, except to the extent that we have taken action in reliance on the use or disclosure indicated in the authorization.
